

# 'SPATIUM' simulation

## Prendo's 'SPATIUM' simulation provides an intense, risk-free experience of managing a complex project

The "2 years in 6 hours" simulation is used in classroom, online, project start-up and also assessment events

Developed with the Major Projects Association, the simulation brings to life many key themes of advanced project management, including:

- project success: what is it, and what causes it
- project complexity and uncertainty
- the science and "art" of leading projects

### WHO FOR

anyone working in project environments, including:

- project & program managers
- change leaders
- project team members
- project sponsors
- students of project management

### KEY OUTCOMES

participants gain a number of skills and insights about:

- the importance of the early stages and the "front-end"
- how to manage contracts, risk and stakeholders
- how to define project success and manage for it
- decision-making & teamwork in a complex scenario

### LOGISTICS

- the simulation workshop can be run with anything from 8 to 80 participants, and over a 1 to 2 day timeframe
- it can be run with teams in one classroom, or separate rooms, or in online events with remote participants
- each team needs a computer

# WHY SIMULATE?

WE LEARN  
BY DOING

- Makes learning more fun, efficient and memorable
- Discovering is more effective than “being told”
- Experiences are transparent: users see cause and effect
- Reduces the risk of making mistakes in the real world
- Provides a chance to apply theory and practise skills
- Better than just talking (e.g. about case studies)
- More effective and much more fun than powerpoint!

*“I have used Prendo’s SPATIUM simulation in numerous executive and Masters programs; it provides a much needed innovation for the way we educate project and program leaders.”*

— Stephen Carver, Cranfield

**Cranfield**  
UNIVERSITY  
School of Management

*“Prendo delivers the SPATIUM project simulation in UCL’s MSc in Strategic Management of Projects: the students find it extremely valuable.”*

— Dr Effie Konstantinou, UCL

*“The MPA has delivered over 20 one day workshops based around the SPATIUM simulation; participant feedback is consistently excellent.”*

— Manon Bradley, Major Projects Association

*“Our Masters students regard Prendo’s SPATIUM simulation as the highlight of the whole course.”*

— Phil Thomas, Chalmers University

*Confucius: “I hear and I forget. I see and I remember. I do and I learn.”*
